

DIY

Minimal Notebook Marker

How to make your own?

1. Print this template on normal paper
2. Cut out the template and trace the template onto the leather.
3. Cut out the leather.
4. Attach a thin layer of magnetic paper to the back of the leather with super glue.
5. Fold the bookmark in two.
6. Attach a spring clamp for 24 hours to make sure the bookmark will stay in place.
